

## 1. BIG FISH Payment Gateway fizetés app beállítási segédlet

### Shopify store app létrehozás és hozzáférések megadása:

#### 1. Lépjen be a Shopify admin felületére!

- Adja meg a felhasználói e-mail címet és nyomja meg a “Continue with Email” gombot.

The image shows a screenshot of the Shopify login interface. At the top left is the Shopify logo. Below it, the text "Log in" is followed by "Continue to Shopify". There is an "Email" label above a text input field. Below the input field is a large green button labeled "Continue with Email", with a hand cursor icon pointing at it. Below this button is a horizontal line with the word "or" in the center. Underneath are three white buttons with rounded corners: "Continue with Apple" (with an Apple logo), "Continue with Facebook" (with a Facebook logo), and "Continue with Google" (with a Google logo). At the bottom left, there is a link that says "New to Shopify? Get started". At the bottom right, there are three links: "Help", "Privacy", and "Terms".

- Adja meg a jelszót és nyomja meg a “Log in” gombot.

The image shows a Shopify login interface. At the top left is the Shopify logo. Below it, the text "Log in" is displayed, followed by "Continue to Shopify". On the right side, there is a link "Change email". Below this is a "Password" label and a password input field with a toggle icon. A green "Log in" button is positioned below the input field, with a hand cursor icon pointing at it. Below the button is a "Log in with Google" button featuring the Google logo. At the bottom left, there is a link "Forgot password?". At the bottom right, there are three links: "Help", "Privacy", and "Terms".

Sort by Name (A-Z) ▾

Build custom apps for your unique needs

Develop custom apps to integrate data or build a custom storefront.

[Develop apps for your store](#) [Learn more](#)

[Learn more about apps](#)

- Kattintson a felső sorban található “Develop Apps” lehetőségre.

**A. Amennyiben Ön még nem engedélyezte korábban a “custom app” fejlesztés lehetőségét, akkor**

1. Kattintson az "Allow custom app development" gombra, hogy engedélyezve legyen a boltján a custom app fejlesztés!

App development

Start developing apps on your store

Develop your own apps to integrate your store's data with external services or build custom storefronts.

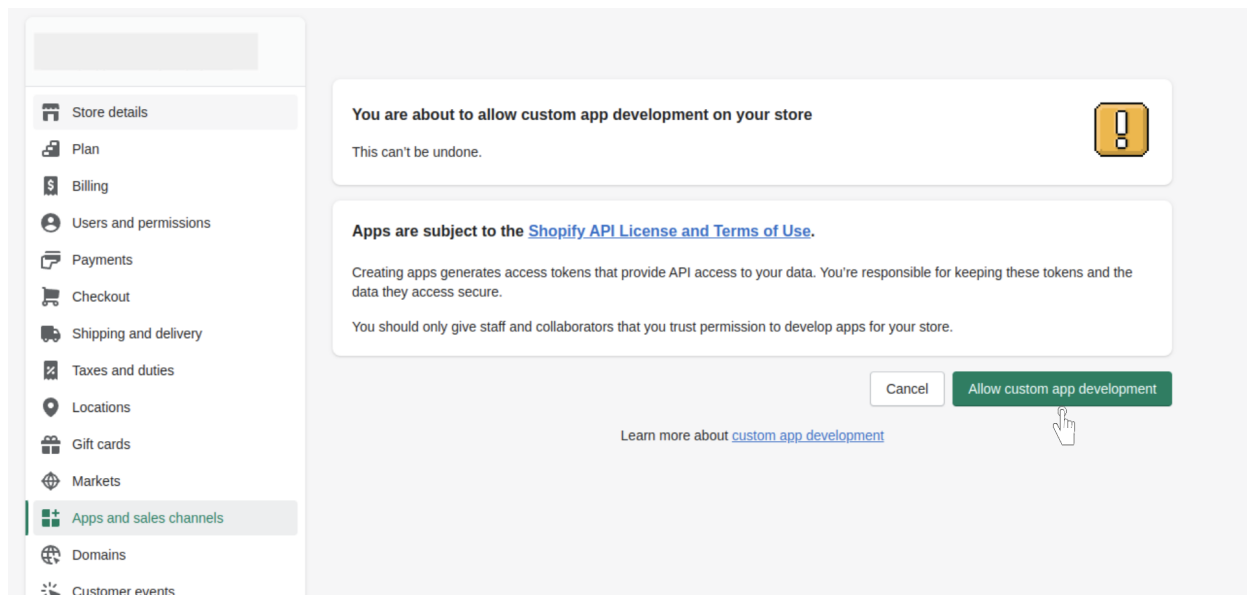

App development should only be done by trusted developers on your team. Apps can give API access to your data, and that data can be accessed outside of Shopify.

All apps are subject to the [Shopify API License and Terms of Use](#).

[Allow custom app development](#)

[Learn more about developing apps for your store](#)

2. A beállítások megerősítéséhez kattintson az "Allow custom app development" gombra!

## **B. Amennyiben Ön már engedélyezte korábban a “custom app” fejlesztés lehetőségét, akkor**

1. Kattinson a “Develop Apps” menüpontban található “Create an App” gombra, majd

2. Adja meg az “App name” mezőben az App nevét,

Shopify API License and Terms of Use.' At the bottom right are two buttons: 'Cancel' and 'Create app'. A mouse cursor is pointing at the 'Create app' button." data-bbox="154 127 916 506"/>

**Create an app** ✕

App name  
Teszt Bolt

App developer

Can only be assigned to staff and collaborators with permission to develop apps. We'll contact them about development updates, like changes to Shopify APIs.

Apps are subject to the [Shopify API License and Terms of Use](#).

Cancel Create app

3. Válassza ki az “App developer” legördülő menüből a “fejlesztő” nevét,
4. Kattintson a “Create an app” opciót az App létrehozásához.

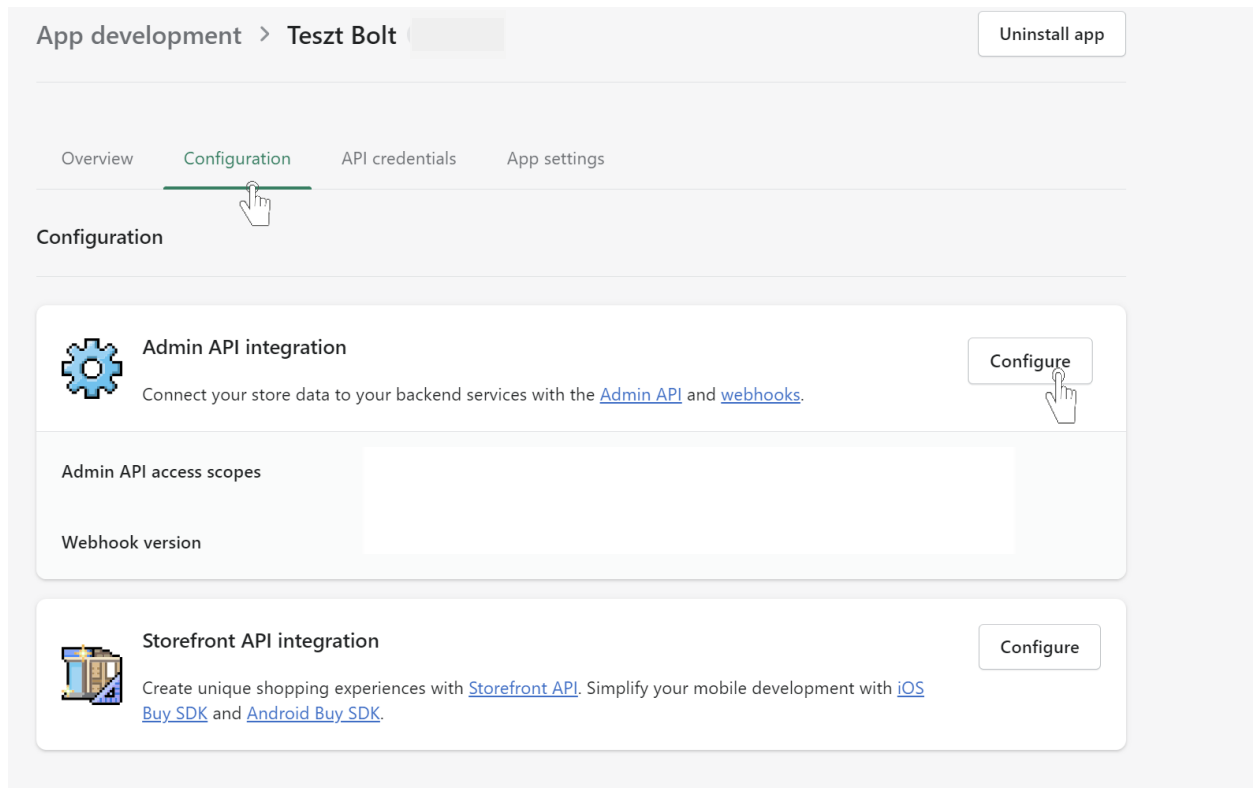

*Megjegyzés:*

*Az “App name” mezőben a név szabadon megadható.*

*“App developer” mezőben Önt vagy az Ön munkatársát tudja kiválasztani.*

Az App létrehozását követően az App saját menüje töltődik be.

- Válassza ki a felső sávban található “Configuration” opciót, majd
- Kattintson az “Admin API integration” sor végén található “Configuration” gombra.

Ezt követően az “Admin API access scopes” blokk töltődik be, ahol a következő beállításokat kell elvégezni:

- Keresse meg az “Orders” szekciót, majd kattintson a “write\_orders” checkboxba (ezen művelettel a “read\_orders” opció is kiválasztásra kerül)
- Keresse meg az “Script tags” szekciót, majd kattintson a “write\_script\_tags” checkboxba (ezen művelettel a “read\_script\_tags” opció is kiválasztásra kerül)

Domain	Target
 myshopify.com Primary for Online Store <a href="#">Change to a new myshopify.com domain</a>	Online Store

*Figyelem!*

*A "myshopify.com" végződésű URL-t küldje el nekünk!*

The screenshot shows the Shopify Admin interface. On the left is a sidebar with a menu of options: Store details, Plan, Billing, Users and permissions, Payments, Checkout, Shipping and delivery, Taxes and duties, Locations, Gift cards, Markets, Apps and sales channels, and Domains (which is highlighted with a green bar). The main content area at the top shows a breadcrumb trail with a back arrow, the domain ".myshopify.com" with an eye icon, and the text "Managed by Shopify". Below this, the "Target and type" section contains two items: "Target" with a storefront icon and the text "Online Store", and "Domain type" with a globe icon and the text "Primary domain". At the bottom of this section, a note states: "Any change you make to this domain could impact how people find your store. [Learn more.](#)"
